**Addendum**

■ **ADDENDUM, Effective October 2, 2013:** The following program disclosures (last published July 1, 2013) have been updated in the catalog. Changes include updated on-time completion rates and a corrected placement cohort time-frame for ACICS-institutional accreditor placement data.

The following program disclosures are provided pursuant to federal law.

"Occupation" data reflects the type of occupations the program generally prepares students to enter. (For government data regarding occupations, please navigate to [www.onetonline.org](http://www.onetonline.org).) To the extent permitted under the standards of the applicable accrediting agency or state agency, the placement rates reported below may reflect students who completed the program and obtained employment in one of the occupations listed in the standard occupational titles below or other occupations that utilize the core skills taught in the program.

"On-Time Completion Rate" reflects the percent of graduates between July 1, 2012, and June 30, 2013, who completed their program within 100 percent of the normal time frame as described in the school catalog or enrollment agreement.

"Costs to Students" reflects the costs of the academic program for students completing the program on time, including tuition and fees, estimated books and supplies, and if applicable, room and board. Costs do not reflect potential increases and are current as of the publication date of this disclosure.

"Placement Rates" reflects the percent of graduates securing employment as calculated pursuant to the required calculation methodologies and time frames of the applicable state agencies, institutional accrediting agencies or programmatic accrediting agencies. Each agency has different criteria in determining what constitutes a placement, and these placements may or may not be listed in the standard occupations listed below. (For more information about calculations and time frames, refer to the descriptions at the end of this disclosure.)

"Median Loan Debt" reflects the median loan debt incurred by students who completed the program, between July 1, 2012, and June 30, 2013, including Title IV program loans, private educational loans and institutional financing plans.

Unless otherwise noted below, the data included in this disclosure are for the entire educational institution as defined by the Department of Education, which may include a number of individual campus locations (even in different states) and both online and physical delivery modalities. See footnotes for a list of the campuses included in the institution. In many cases, the on-time completion rate, the cost to students, the placement rate and the median loan debt may differ (often significantly) between these physical locations and delivery modalities. The data below reflect averages for all students in all locations and delivery modalities (or, in the case of program cost, the ranges of program costs) across all locations and delivery modalities.

**Footnotes:**

**Institutional Accreditor** - ACICS uses the following formula to calculate placement for accredited institutions: placed in a field of study plus placed in a field related to study divided by the number of graduates and completers minus those unavailable for work. Placed in a field of study involves the direct use of the skills taught in the program. Placed in a field related to study involves an indirect use of the skills taught in the program. Time Frame: July 1, 2012 through June 30, 2013.

**Programmatic Accreditor** - ABHES uses the following formula to calculate placement for accredited institutions: graduates placed in a field of study plus placed in a field related to study divided by the number of graduates and completers minus those unavailable for work. Time Frame: July 1, 2012 through June 30, 2013.

**State** - Commission on Independent Education calculation for placement rate: number of graduates placed divided by number of graduates less employed in military or continuing education. Time Frame: July 1, 2012 through June 30, 2013.

**State** - Illinois State Board of Education calculation for placement rate: number of graduates placed in their field divided by number of graduates less not available for placement. Time Frame: July 1, 2012 through June 30, 2013.

**State** - Missouri Board for Higher Education calculation for placement rate: number of graduates employed in training related job divided by number of graduates. Time Frame: January 1, 2011 through December 31, 2011

■ **ADDENDUM, Effective September 2, 2013:** The following scholarship has been added to the catalog.

**President's Scholarship**

Students enrolled as of September 1, 2013 in any quarter based degree program, in Everest College, Everest University or Everest Institute, who have 16 credits or less remaining to graduate as of October 7, 2013, are entitled to receive the amount of \$875 per term for a maximum of \$1,750 for the total of two terms as a non-transferrable scholarship in order to complete their program.

In order to be eligible for consideration, students must remain in good standing with Everest University, Everest Institute or Everest College. They must maintain a 2.0 GPA and must graduate no later than April 2014.

This scholarship is to be awarded for the sole purpose of tuition charges and will be awarded and applied to the student account upon the degree completion. This scholarship is non-transferrable and cannot be applied to additional degrees or diplomas.

■ **ADDENDUM, Effective October 2, 2013:** The following modifications have been made to the Requirements and Procedures section:

**ADDED:**

- All applicants will be required to submit **one** of the following:
  - 1) Completed Attestation regarding high school graduation or equivalency or
  - 2) Proof of High School graduation (POG) (i.e. copy of diploma or transcript) or
  - 3) Proof of a recognized equivalency certificate (GED) or other equivalent documentation.

■ **ADDENDUM, effective September 25, 2013:** The following Prerequisite table has been updated for the Graduate Degree Program Outline on page 105 of the catalog.

Prerequisite foundation work may be required before selected higher-level coursework may be attempted. All graduate students must meet certain prerequisite requirements prior to enrolling in Managerial Economics, International Economic Systems, Quantitative Methods, Financial Management, and certain graduate-level accounting courses. Previous coursework in these areas at either the undergraduate or graduate level may be acceptable to suffice the prerequisite requirement following review of official transcripts. **Course descriptions for the undergraduate courses in the table below may be found in the *Course Descriptions - Undergraduate Degree Programs* section that begins on page 87. Undergraduate courses are those that have a Course Level Code of "4" or below. Undergraduate courses may not be taken as an elective as part of the Master of Business Administration Degree program.**

■ **ADDENDUM, effective September 2, 2013:** The following quarter based tier tuition tables for ground linear programs have been added to the catalog.

Students enrolled in 8+ credit hours will be charged a flat-term rate as set forth below. Students enrolled in less than 8 credit hours will be charged per credit and total tuition for a given quarter is determined by multiplying the number of credit hours for which the student is registered for and attends within the term by the then current tuition rate.

- **ADDENDUM, effective September 1, 2013:** The following language has been updated to the “**NOTIFICATION OF RIGHTS UNDER FERPA**” section on page 7 of the catalog.

Everest is committed to the protection of student education information. While Everest does not publish a student directory, from time to time the school publishes communications, such as graduation and honor roll lists, that include Everest-designated directory information. Everest expressly limits its designated directory information to students' names, graduation dates, programs of study, degrees, diplomas, certificates and honors/awards received. A student who wishes not to be included in the campus publications referenced above must obtain an Opt-Out form from the Registrar's Office and submit the completed form to the Registrar.

- **ADDENDUM, Effective September 1, 2013:** The following modifications have been made:

**TUITION CHARGES FOR RE-ENTRY (on-ground only)**

**Students re-entering within 180 days:**

*Same Program (Same/New Program Version):*

Will be charged tuition at the original tuition rate reflected on the original enrollment agreement less the amount charged on the prior period of enrollment (Charges plus or minus any tuition adjustments).

*Same Program (New Program Version of Different Credits/Length of Program):*

Will be charged tuition at the current catalog rate for the program of enrollment less the amount charged on the prior period of enrollment (Charges plus or minus any tuition adjustments).

*Different / New Program (Program Change)*

Will be charged tuition at the current catalog rate for the program of enrollment. A tuition credit will be determined for the student's prior period of enrollment.

**Students re-entering greater than 180 days less than 365 days:**

**Everest University – Pompano Beach Campus**  
**2013 - 2015 catalog, revision date 10/02/13**  
**Addendum**

*Same Program (Same/New Program Version)*

Will be charged tuition at the current catalog rate for the program of enrollment less the amount charged on the prior period of enrollment (Charges plus or minus any tuition adjustments).

*Same Program (New Program Version of Different Credits/Length of Program)*

Will be charged tuition at the current catalog rate for the program of enrollment less the tuition credit from the prior period of enrollment. Determine which re-entry credit for the prior period of enrollment is in the student's best interest by referring to the Enrollment Agreement Guidelines.

*Different / New Program (Program Change)*

Will be charged tuition at the current catalog rate for the program of enrollment. A tuition credit will be determined for the student's prior period of enrollment.

**Return from LOA (on-ground only)**

A student must return from a LOA on the first day of any appropriate module or prior to the expiration of his or her leave. A student who goes on leave prior to the end of a module shall receive a grade of "L" (leave) which shall remain on his or her transcript until the student returns from an LOA, retakes the entire module and earns a grade. The module with a grade of "L" shall not be included in the calculation of Rate of Progress (ROP), Maximum Time Frame (MTF) or attendance.

**Failure to Return from LOA (on-ground only)**

The "L" grade in the LOA beginning module shall be changed to "W" (withdraw). The module with a grade of "W" shall be included as an attempt in the calculation of Rate of Progress and Maximum Time Frame.

**Coursework Completed at Foreign Institutions**

All coursework completed at a foreign institution must be evaluated by a member of the National Association of Credential Evaluation Services (NACES) or a member of the Association of International Credentials Evaluators (AICE). The evaluation must be course by course with letter grades. An exception to this may be allowed for students transferring from Canada with prior approval from the Transfer Center.

**Satisfactory Academic Process**

**FA Probation (SAP NOT MET – 2<sup>nd</sup> consecutive term)**

At the end of each term following a SAP evaluation, students with an immediate SAP NOT MET status and who are SAP NOT MET again according to the academic progress standards stated in the school's catalog, will be notified with a SAP NOT MET letter indicating that they will be withdrawn unless they successfully appeal by written request within five (5) calendar days after the notification in accordance with the Academic Appeals Policy. Appeals shall only be granted for the following reasons: the death of a family member; an illness or injury suffered by the student; special circumstances of an unusual nature which are not likely to recur. (See ED002 Academic Appeals Policy.)

**Academic Progress Plan (APP)**

Students on FA Probation must agree to the requirements of an Academic Progress Plan (APP) as a condition of their FA probation. Each student shall receive a copy of his or her APP. A copy of each student's APP shall be kept in the student's permanent academic file.

The APP may extend over one (1) or multiple terms, as defined at the initiation of the APP. At the end of the first evaluation period on the APP, the student will meet with the Academic Dean/Director of Education (or designee)/Online Designee for an evaluation of progress of the plan's requirements. If on a single-term plan and the student has met the requirement(s) of the plan, the student must be in SAP Advising or SAP Met status, and the student's APP shall be considered fulfilled and closed. If on a multi-term plan and the student has met the requirement(s) of the first evaluation period, then new requirement will be set and the student will be placed manually into SAP Meeting APP Status and will adhere to the subsequent term requirements of the APP.

If at the end of any SAP evaluation period on the plan (APP) the student does not meet the plan's requirement(s), the student will receive a dismissal letter and will be dismissed from the program.

Students who have violated their FA Probation and have been dismissed from a program are not eligible for readmission to that program if they have exceeded, or may exceed, the maximum time frame of completion until they re-establish appropriate Satisfactory Academic Progress standing.

**SAP Advising or SAP MET Status**

If the student has met the requirements of a one-term plan, the student must be in SAP Advising or SAP MET status and the student's APP shall be considered fulfilled and closed. The student will be provided with either a SAP

**Everest University – Pompano Beach Campus**  
**2013 - 2015 catalog, revision date 10/02/13**  
**Addendum**

Advising or Return to Academic Good Standing Letter. In the case of SAP Advising, the student will be advised with the Academic Advising form and will be FA eligible.

**SAP NOT MET Status and/or Dismissal**

If on a multi-term plan, it is likely the student will remain SAP NOT MET for the second (and ensuing) evaluation periods. At the end of each evaluation period, the student will be notified, evaluated for progress, and if the APP requirements are met, **will be manually assigned SAP Meeting APP status and continue on the APP.** New requirements for the second (or ensuing) evaluation period will be defined using the Evaluation of Progress form.

**Retaking Failed Coursework**

For the purpose of improving academic standing and establishing institutional grade point average, students must repeat any failed coursework. Failed courses may be repeated more than twice, so long as repeating the coursework does not jeopardize the students' maximum time frame of completion. **Pre-requisite modules in diploma programs may not be repeated more than three (3) attempts.** Each attempt counts in the calculation of the students' rate of progress and successful completion percentages. All repeated coursework will appear on the student's transcript, but only the highest grade earned, will be included in the calculation of their cumulative grade point average. **Attendance in successfully repeated classes/modules will also replace attendance in prior unsuccessful attempts.**
