

## BUSINESS

Associate of Applied Science Degree  
 Colorado Springs Campus  
 24 Months – 96 Quarter Credits  
 (Offered on Campus and Online)

5.2

The Associate of Applied Science in Business program is offered to students whose career goals require a broad knowledge of the functional areas of business. All students will take coursework in the areas such as accounting, general business, management, marketing, human resources, computer applications, ethics, project management and business law. In addition students will serve an internship in order to directly apply the learned competencies in a functioning business environment. All courses are developed to engage the student with active, project-based learning including active use of technology and community resources where appropriate. The Associate's program actively incorporates key skills, practices and applications needed in the workplace and sought by employers. In addition to the interpersonal communication's course, most course activities will encourage students to work in groups and give presentations in the campus classroom setting, Students will find their curriculum is organized to sequence the appropriate courses and prerequisites towards their Associates degree and goals of a career in business. The Associate's program prepares students for entry-level careers in fields such as business administration, marketing, human resources, operations, accounting and sales.
