

**HOMELAND SECURITY (AS, BS) - ONLINE**

Credential	Credit Units	Length	Campuses	Version
Associate of Science Degree	96	24 months	Online	1-1
Bachelor of Science Degree	192	48 months		1-1

The Homeland Security program focuses on the issues of security, intelligence operations, emergency services and crisis management. The Homeland Security program is designed to serve three types of students:

- Students wishing to continue their education and pursue an upper level degree in an area of homeland security studies.
- Students wishing to secure employment in the field of corporate or government security.
- Professionals who need to increase their skills for their present duties.

The Homeland Security program provides a broad understanding of the intelligence cycle, business continuity cycle and security. The degree programs prepare graduates for entry-level career opportunities in corporate or government security operations.

The Associate in Applied Science degree offers a broad range of skills training. The student is offered an interdisciplinary approach to the understanding of the mechanisms of intelligence, business continuity, crisis management, threat assessments and emergency services.

The Bachelor of Science degree in Homeland Security enhances the study of homeland security and expands into areas such as crisis management planning, contingency planning, and directing emergency response operations. Graduates are prepared for entry-level and middle management positions in government or corporate security.
